

Liar, liar! Pants on fire!

QUIZ FOR KIDS

Your pants won't catch fire if you tell a lie. But, if there's a real fire where you live, it helps to know the facts about fires and how to escape. And you should make sure the grown-ups in your home know the facts too!

TEST HOW MUCH YOU KNOW WITH OUR FUN QUIZ ON THE NEXT PAGE...

Liar, liar! Pants on fire!

QUIZ FOR KIDS

Which of these facts are true? Which ones are false?

Put a tick against your answer.

- 1 Fire is one of the biggest killers of children in the home.
 TRUE FALSE
- 2 You're more likely to be killed by a daytime fire than one that starts at night.
 TRUE FALSE
- 3 In a house fire, you're more likely to die from breathing in smoke fumes than from the flames.
 TRUE FALSE
- 4 You should have a smoke alarm on every floor of your house, upstairs as well as downstairs, to wake you if there is a fire.
 TRUE FALSE
- 5 Cigarettes, matches and lighters are the biggest cause of house fires where people die.
 TRUE FALSE
- 6 Smokers are more likely to own smoke alarms than non-smokers.
 TRUE FALSE
- 7 Some smoke alarms are 'toast-proof'. They recognise everyday smoke from toasters and don't go off when they 'smell' toast!
 TRUE FALSE
- 8 Parents and carers who lose their tempers can sometimes 'spontaneously combust' – this means they burst into flames caused by their bad temper.
 TRUE FALSE
- 9 Children often sleep more deeply than grown-ups and find it harder to wake up quickly if a smoke alarm goes off.
 TRUE FALSE
- 10 You can get smoke alarms nowadays that have personal wireless warning handsets. They can be put right next to your bed to wake you up!
 TRUE FALSE

ANSWERS

1	TRUE
2	FALSE (night time fires are three times more dangerous)
3	TRUE
4	TRUE
5	TRUE
6	FALSE (smokers are less likely to have smoke alarms)
7	TRUE
8	FALSE (imagine if it was true!)
9	TRUE
10	TRUE
